Springfield Properties Action Plan Update

23rd March 2020 Further Update

Dear All

We have probably all by now heard that Nicola Sturgeon has announced that building sites should close down.

We are doing our best to find out exactly what this means.

Further guidance is required as to when, what construction sites and how long we will get to make sure they are closed down safely.

Keep working and assume that we are working to complete Friday handovers.

Take care and thanks

Innes
