

COVID -19

Springfield Properties Action Plan Update

25th March 2020 Update

Dear All,

I have had a couple of questions following the last update. Someone had thought that we were announcing redundancies.

I clarify as follows:

We are offering employees to go onto Government Job retention scheme known as Furloughing. This is instead of redundancy or lay-offs which would have been the previous choices open to us.

This scheme can be referred to here: <https://www.gov.uk/government/publications/guidance-to-employers-and-businesses-about-covid-19/covid-19-guidance-for-employees>

We want to retain all staff (you) so when we start up again we can continue with our business. Once we have further details we will communicate these with you.

Kind Regards

Innes
